

MAGIQTOUCH[®]

Wi-Fi smart app

Control your cooling needs from your pocket.

Now you can control your compatible Breezair by Seeley International evaporative air conditioning remotely using your smart devices.

Syncing with the innovative MagIQtouch wall controller you can:

- View the live status of your unit
- Turn the system on/off
- Adjust temperatures and fan speeds
- Override the Program Modes if the weather or your schedule changes

The MagIQtouch Wi-Fi smart app requires a MagIQtouch Wi-Fi smart app controller to operate.

Available for download now on iOS and Android.

FREE upgrade to MagIQtouch Wi-Fi controller valued at \$300, with the purchase of a Breezair EXS.*
